FOUR TERMS AND.

Following out a custom inaugurated four years are, the Columbia Heights Citizens' Association will offer prizes to the residents of Columbia Heights having the height lawns. Three saards will be made, the first prire being 10, the second 8, and the third if. The Committee on Parks and Lawns of the association will act as judges in the context. This resolution was passed 57. The Committee on Parks and Lawns of the association will act as judges in the contest. This resolution was passed at the association's meeting last night. Great appreciation of the work that Emile Herliner has accomplished in beautifying an unsightly tract of land, situated on the north side of Columbia Road, between Fourteenth and Fifteenth Streets, was expressed in the form of a resolution, which will be forwarded to Mr. Berliner. The ground has been lavelled, cedar trees planted and gravel walks laid out. The plot of ground will be used as a public park.

J. Clinton Hatt introduced a resolution commending the Boy Scouts for the "efficient and gallant service rendered during the parades held on March 2 and 4." The resolution was adopted and copies ordered sent to Chief Scott Master E. S. Martin and A. C. Moses, president of the Boy Scouts of the District of Columbia.

S. Jose Defontes was the only new member admitted. William Dulin and Herbert Shepard applied for membership and their applications were referred to the committee on membership, in accordance with the rules of the association.

DOUBLE-DECK CARS PLANNED FOR CITY

Washington Railway and Electric Company Announces New Type Will Be Tried in July.

WILL COMMENCE SOON

WORK ON BRIDGES

Be Tried in July.

President Clarence P. King, of the Washington Railway and Electric Company, has closed contracts with the Southern Car Company, of High Point, N. C., for the construction of a new type of car that promises to revolutionine expediency in the matter of handling traffic.

The type of car in course of construction is of the double-deck variety, and combines several railcally new features, most prominent among which is the girder construction of the Wiole side of the car from sill to caves. A center entrance is used, and the stairways to the upper deck are at the ends of the rail. The height is materially reduced by the dies of twenty-four-licen wheels, with attending anall motors to sail.

President King is having the car built for experimental purposes, and when placed in operation next July is to meet in different classes of service in the city to give it a thorough tital.

The design of this car is somewhat along the general lines of the company's conter-entrance cars now in service. Two stairways will lead from the center of the car will sead 100 passengers, Ritty was being provided on each of the two Roors.

The floor at the center of the car will sead to passengers, Ritty was being provided on each of the two Roors.

PUBLICITY LAW DECISION TO-DAY

Supreme Court to Hand Down Order in Journal of Commerce Suit.

REGARDED AS A TEST CASE

on by the United States Supreme

Decision by the United States Supreme Court upon the motion of the New York Journal of Commerce, through its counsel, Robert G. Mortit, to restrain Postmaster General Burleson from immediately enforcing the "newspaper publicity law" may be handed down to-day. The motion for injunction, which was filed with the Supreme Court yesterday, is based upon an alleged agreement last October between the Department of Justice and the Post-office Department, and the counsel of the Journal of Commerce, that the new law should not be enforced by the Post-office Department until the Supreme Court had passed upon its constitutionality.

The new Postmaster General was reported to the court to have announced

The new Postmaster General was reported to the court to have announced that if the law were not conformed with the the required returns of information frearding their steek and bond holders, accurity holders, amount of daily circulation and certain fasts relating to designation of advertisements, the newspapers not so conforming with the statute by March II would be barred from the use of the mails.

Counsel for the Journal of Commerce stated that the postmaster at New Yorkhald sent the Journal a notice, under date of March 4.0 the intentions of the Post-office Department in regard to the enforcement of the "newspaper publicity law." The Journal of Commerce case is regarded as a "test case."

New York, March II.—Determined to supply to the fullest possible extent their first variation in five years and equipped with Each as a means of antistying this determination, the Misses Sullivan, McCarly and McCue, three stenographerspates from Chicago, sailed on the steample of the continent.

The "three Marys," as they are called because they all enjoy the same given name, went to the same parchial school together, entered business college together, worked in the same office for the equal time of five hours of the continent of the first same office for the equal time of five same office for the equal time. Their carefully planued itherary will take in Germa, Algiera, and Napies, after which they go overland to Rome. On their resurn the delil take in Monte Carlo, Holland and the British takes. Barring remains the same of the same of the same of the receivers, they expect to be back to work within three months.

Ottawa, Ontario, March II.—A bulletin assued from Government House this evening says:

evening says:
"Their royal highnesses the Duke and Duchess of Conpaught and the Princess Patricia. will sail for England on the Canadian Pacific steamship Empress of Patricia will sail for England on the 122d instant. Their royal highnesses will be accompanied by Miss Pelly, Miss Adam, Maj. E. S. Worthington. Capt. T. H. R. Bulkeley, Capt. H. C. Builer, and Capt. the Hon. G. E. Bossawow.
"The duke will return in May, but the duchess and the princess will not return."
